

# Sample Essay Using the Essay Template

Jane Doe

December 12, 2025

## Abstract

This is a sample abstract demonstrating the minimal LaTeX essay template. The template provides a clean, professional look with dark blue colors for section headings and hyperlinks. It includes proper formatting for academic essays with headers, footers, and bibliography support.

## 1 Introduction

This document demonstrates the essay template class. The template is designed to be minimal yet complete, providing all the essential features needed for academic essays. It is published under GPL-3.0, its source is available on GitHub.<sup>1</sup>

The template features:

- A4 paper format with two-sided layout
- 1cm margins on left and right sides
- 11pt font size for readability
- 1.15 line height for comfortable reading
- Dark blue colors for headlines and hyperlinks
- Headers showing section titles
- Footers with centered page numbers
- Clean title page without header or footer

## 2 Main Content

This section demonstrates the header functionality. Notice how the section title appears in the header at the top of the page. The page number is centered in the footer.

### 2.1 Subsection Example

Subsections are also formatted in dark blue, maintaining visual consistency throughout the document. The hierarchical structure is clear and easy to follow.

#### 2.1.1 Subsubsection Example

Even third-level headings maintain the dark blue color scheme, ensuring a cohesive look throughout the document.

## 3 Citations and References

The template supports BibTeX citations using the IEEE transaction style (ieeetr). You can cite references like this [1] and they will appear in the bibliography at the end of the document.

Multiple citations are also supported [2, 3].

## 4 Conclusion

This template provides a solid foundation for academic essays, combining clean design with practical functionality. The dark blue color scheme adds visual interest while maintaining professionalism.
